Anne of Cleves: Henry's Luckiest Wife D. Lawrence-Young

It is winter 1539. King Henry VIII is galloping through the night to Rochester to meet a young woman. Just arrived in England from Germany, Anne of Cleves is destined to become his fourth wife. He has never met her before. He has only seen her portrait – the portrait of a sweet, demure and innocent young woman. The impatient and lovesick king must see her before their marriage. But this rushed and unplanned rendezvous will shock them and the country both. It will also lead to some completely unexpected and fatal results.

In D. Lawrence-Young's well-researched novel, we learn of the strong passions and the deadly politics when the romantic plans of a frustrated Tudor king go badly wrong.
