Book 4 in Terry Spear's Highland Wolf Series

She's ready for change...But he's digging in his claws

Colleen Playfair has never been to Scotland, but when she discovers she must spend a year and a day overseas learning to manage her newly inherited estate, she's ready for the challenge. She even has some ideas for improvements-if she can get past the sexy werewolf who seems convinced he's the one in charge.

Grant MacQuarrie and his clan have been managing Farraige Castle for three centuries. The last thing he wants is a meddling American heiress trying to change the way things have always been done. He's more than willing to fight the she-wolf every step of the way, using every tool at his disposal. And if that means taking the lass to bed, well...all the better.

Locked in a battle of wills, caught in an attraction they can't escape, Colleen and Grant must find a way to work together...or face losing it all.
