"They killed me, but I survived."

Three years after Rory Riordan foiled her own murder, she still trusts no one. Not Dr. Z, the eccentric college professor who has taken her under his wing, not Benji, the endearing, attractive classmate who insists on following her around, and certainly not Cy, the beautifully dark and mysterious boy who sits on the first row in Dr. Z's Astrobiology class and asks far too many questions.

When Rory witnesses Cy being abducted by soldiers in the middle of the night, she finds herself submersed in a world that holds even more secrets than she could imagine - even darker secrets than her own.
