You may think you have to choose between the financial security your job provides and starting a business you *actually* love. What if you don't have to pick? What if you could manage your time so effectively you could keep your job *while* you grow the business of your dreams?

What I discovered is that in order to maximize time, you need more than just time management strategies. In addition, you will need to focus on these three elements.

First is to shift your mindset around time. The beliefs you hold about time could be wrong.
