Sum to Infinity: Life experiences and beyond Aditya Krishnan

"And in case you were wondering, this has got absolutely nothing to do with math of any sort."

Returning from his first non-fiction anthology *Starters with Mocktales*, Aditya delves straight back into his life at high school: donning suits, scrubs, and sportswear to try and make himself feel far more important than he really is.

The light read for when you're being lazy, but just aren't in the mood to beat yourself up for it.
