**Estética: Entre lo bello, lo feo y lo útil (Spanish Edition)** Cristián F. Núñez Sacaluga

El libro estudia la estética, definiendo primeramente las características formales y filosófico-conceptuales de las diferentes manifestaciones artísticas sucedidas en el tiempo, desglosando la comprensión del concepto estética-belleza por medio de la realización de un análisis cronológicamente ordenado de las distintas culturas: desde el arte del hombre primitivo hasta la actualidad, favoreciendo así la comprensión de las disímiles connotaciones de cada período cultural y precisando las necesidades que motivaron los objetivos estéticos socioculturales de los anteriores. Acorde a lo antes dicho, el presente libro realiza un análisis de la estética en el tiempo, intentando otorgar una conclusión factible y representativa de los conceptos que representaron las necesidades de cada momento histórico, especialmente en las multifacéticas manifestaciones estético-artísticas de las sociedades globalizadas del siglo XXI. En las páginas finales del libro, el autor mediante la realización propia de distintas composiciones artísticas, analiza la percepción de la realidad como medio necesario para realizar actos creativos, relacionándola directamente con la capacidad de comunicación que la acción creativa transmite y estableciendo distintos niveles de abstracción, hasta llegar al punto de la no comunicación, dónde comprende y sustenta un límite virtual entre la expresión estética y el vacío.
