Oh Lucy...

Fed up after her forty-fifth failed relationship, Lucy can no longer deny the fact that the only common denominator - is her. Up until now she has been living in a comfortable state of denial, blaming the problems on the men she has chosen to date. But an unexpected urge to settle down is preventing her from believing that lie any longer.

Smart enough to know that she can't do it on her own, she decides to seek therapy in order to unlock the mystery behind her choices and her numerous failed attempts at finding love. Along with her therapist's guidance, she strolls down memory lane and tells stories from her past that may, or may not, have had a hand in her current situation.

Her best friend and roommate, Charlotte, would like to take that therapy and guidance into her own hands for a more holistic and natural approach, but frequent happy hour shenanigans usually prevent anything productive from ever taking place.

Lucy is slightly neurotic and completely hysterical. She tells engaging and relatable stories from her childhood, and frequently drifts off into delusional fantasies that will have you in stitches.

Lucy's journey has many twists, turns and surprises. You will be intrigued by the dark night she reveals in therapy, her mother's condition, and the return of number forty-five when she least expects it.
