de Lafitte Protocol

Mr. John van den Bergh

de Lafitte Protocol Mr. John van den Bergh

de Lafitte Protocol begins outside Paris at the family chateau with the classic annual staghunt. The story is soon caught up with an assassination attempt outside the Sheldonian, in Oxford, in 1999, which results in the crippling of young Dr. Charles Russell- Lafitte. This bungled attempt ensures that Al Queada, a dozen years later is excluded by Sir Henry Steere, an ex MI6 operator, from the renewed serial assassinations of the multinational de Lafitte family over one extended weekend. Astonished, our crippled hero and the other young heirs finally set up a sting operation to entrap the perpetrators behind these mysterious assassinations, culminating in the astonishing discovery that our hero's long-thought dead twin is indeed very much alive. This highlights the dramatic demise of Osama Bin Laden. The Lafitte Proyocol contains 760 pages, 124,216 words. (An intriguing sequel to this novel is due out from CreateSpace/Amazon.com in 2014, entitled The Lafitte Inheritance.)
