There is one caveat: DONT buy this book if you aren’t assertive in the bedroom and lacking critical thinking skills.

This book is geared towards sexually assertive men and for those who aspire to be. It is also written in such a way to appeal to men who are autodidactic in their learning, and proactive. If something isn’t included, I considered it unimportant or figured your critical thinking faculties are fully functional. Or I forgot it.

Applying the knowledge in this book will make your sex life with women MANY times better and prove to you that for women, pleasure and orgasms are almost entirely mental.

In order to skyrocket your success in the bedroom, you MUST talk dirty to your lady (or ladies) properly. Mastering sex is the mission of a fool without powerful dirty talk. You can only go so far without it.

Imagine having mastered dirty talk. At this level, you will turn her on and make her crave sex just by uttering a few torrid words into her ear. At this level, you’ll be able to make her orgasm at your command and she will manifest whatever you speak as her sexual reality. She will create intensely pleasurable sensations from your voice. A pleasure artist. An orgasmic alchemist.

Be bold. Take action. Make a small investment in your relationship and sex life. This may be the change you were looking for.

Should a man have access to this much sexual power and influence when it comes to women? Only one way to find out...
