STE: 115 Part 2 Jake Ward

Matt Forest, now 115, quickly learns that the key to survival in his new world can be summed up in one word, obedience. As demands are made on him physically, sexually, and psychologically, his submission must be absolute, however, he continues to believe that a means of escape must still be possible. Yet as his world continues to be transformed, we now discover the worlds of other men being similarly violated as they experience their own transformations into something most people don't even realize exists in this century, slaves. The means and methods used in altering the reality of these beautiful men are as chilling as they are creative. The world of the slave compound will become even more real, and we will begin to see just how it fits into our own.
