The easy way for kids to get started with electronics

If your youngster likes to tinker, "Electronics For Kids For Dummies" is here to teach them the core concepts of electronics in a fun and engaging way. Written in a language elementary-to-middle-school-aged kids can understand, it's packed with full-color photos, easy-to-follow instructions, simple examples, and 13 cool projects that will boost your child's confidence while instilling valuable electronics lessons.

Written by an experienced engineer who authored "Electronics For Dummies," this friendly guide shows children the "right" way to learn about this exciting--but potentially dangerous--field. From making their very own LED flashlight and basic radio to building a smart nightlight and making an LED blink, "Electronics For Kids For Dummies" walks young readers through 13 projects that are easy to accomplish--and, most importantly, fun! Plus, the full-color design is heavy on eye-catching graphics and the format is focused on the steps to completing a project, making it approachable for any youngster with an interest in exploring the electrifying world of electronics. Introduces kids to the basics of electronics Includes 13 projects that promote your kid's sense of achievement Features larger print to make the material less intimidating and easier to navigate Covers tools and safety measures to ensure your child's safety

Spark your child's interest in the shockingly exciting field of electronics with "Electronics For Kids For Dummies"!

From reader reviews:

Jodi Saldana:

Book is to be different for every grade. Book for children until eventually adult are different content. As we know that book is very important for all of us. The book Electronics For Kids For Dummies has been making you to know about other knowledge and of course you can take more information. It doesn't matter what advantages for you. The e-book Electronics For Kids For Dummies is not only giving you a lot more new information but also to be your friend when you experience bored. You can spend your personal spend time to read your book. Try to make relationship with all the book Electronics For Kids For Dummies. You never really feel lose out for everything in the event you read some books.

Benjamin White:

Information is provisions for people to get better life, information these days can get by anyone at everywhere. The information can be a knowledge or any news even a concern. What people must be consider any time those information which is within the former life are hard to be find than now's taking seriously which one is acceptable to believe or which one the actual resource are convinced. If you receive the unstable resource then you have it as your main information we will see huge disadvantage for you. All those possibilities will not happen with you if you take Electronics For Kids For Dummies as your daily resource information.

Brian Mejia:

Reading a book to get new life style in this yr; every people loves to study a book. When you read a book you can get a great deal of benefit. When you read ebooks, you can improve your knowledge, simply because book has a lot of information into it. The information that you will get depend on what types of book that you have read. If you wish to get information about your review, you can read education books, but if you act like you want to entertain yourself you can read a fiction books, these us novel, comics, as well as soon. The Electronics For Kids For Dummies provide you with new experience in reading a book.

Tommy Wright:

As a university student exactly feel bored to reading. If their teacher requested them to go to the library in order to make summary for some book, they are complained. Just tiny students that has reading's soul or real their interest. They just do what the teacher want, like asked to go to the library. They go to there but nothing reading seriously. Any students feel that looking at is not important, boring along with can't see colorful photos on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore this Electronics For Kids For Dummies can make you feel more interested to read.
