Crowns and Coronations: A History of Regalia William Jones

CROWNS & CORONATIONS A History of Regalia. By WILLIAM JONES. A New Edition with Ninety-One Illustrations. Singing Tree Press, Detroit, Michigan, 1968 (Originally published in 1902 by Chatto & Windus, London). A new edition with 91 illustrations. Preface: I venture to think that the present book is the first that contains a summary of coronations extending through various ages of the world's history. I claim no merit in providing, to the best of my ability, for what may possibly be considered a deficiency; my chief difficulty has been to retain, as much as possible, whatever might be thought singular and curious in these princely ceremonials, and to avoid tedious antiquarian details that would fill several volumes of the compass of the present one, and prove wearisome to the general reader. It must be admitted that the present age is not favourable to the perpetuation of elaborate ceremonies, but the solemnities attending the coronation of sovereigns have a peculiar interest, and, however they may be simplified in minor details, should be retained in their integrity and symbolic character. As landmarks of history they have had a material influence on the destinies of mankind. CONTENTS: Introduction I. Ancient Crowns II. The Crowns of England III. The Regalia of England and Scotland IV. The Coronation Chair and the Kingston Stone V. The Court of Claims VI. Coronation Processions from the Tower VII. Coronation of English Sovereigns VIII. The Coronation Oath IX. The Anointing X. Omens and Incidents at Coronations XI. Crowns and Coronations in Various Ages and Countries XII. Fragmenta Regalia INDEX. 551 PAGES. Red cloth hardcover binding with gold decoration. No dustjacket.
