Black Fairy Tale

Otsuichi

Black Fairy Tale Otsuichi

Bestseller in Japan, this Otsuichi's YA novella defies genre categorization. Dark fantasy at its Japanese best. With bonus material including author's afterword.

A raven who has learned to speak from watching movies befriends a young girl whose eyes were ruined in a freak accident. He brings her eyeballs he steals from other people, and when she puts them in her eye sockets, she sees memories from their original owners. Desperate to make the girl happy, the raven brings her more and more eyeballs. This is also the story of a young girl, Nami, who has lost her memories and cannot seem to live up to the expectations of those around her. The stories intertwine in a haunting, dreamy, horrific narrative evoking the raw and universal need for love.
