## **Malay Fishermen (International Library of Sociology)** Raymond Firth

The social, political and economic impact of the decline of the old colonial powers in Africa, India and the Middle East are still key areas of scholarly research and debate. Based on careful social observation and empirical research, the titles in The Sociology of Development set of the International Library of Sociology explore the tension between agriculture and industry in developing economies, and trace the complex political process of independence. Aimed at administrators and academics, these studies are central to Development Studies.
