Love, happiness, heartbreak and misery. They are all deep expressions of certain situations. There is an inner beast inside all of us, and wants to be fed with that kind of drama.

Here there are four short stories to avoid starvation.

That four stories have the similarity to be grounded in New York City. The concrete jungle has some mysterious power that sometimes switches on fears, sometimes passions.

1- No matter where life takes us: He chased her for years and when he finally managed to get her attention, he was living in another country. Miles and expectations can be a tough challenge.

2- The ginger prince: Carol came from one disappointment to another. She had never wanted anything to do with dating sites but was persuaded and encouraged to sign in her profile. When everything was already lost, she found there the love of her life.

3- Inner demons: Some barriers are difficult to break down, even for love. Amber was determined, but that may not be enough.

4- Love is maybe not a lifetime path: Who said that the most important love relationships are always long range stories? When Alicia met Jasiel, she found the key to return to feel alive. A journey, a magical city and poetry achieved the miracle
