About the Cat Book:

Cat lovers of all ages, young and older, have a new cat book to help defend cats against any who would defame their kind! A likely long-awaited tribute to cats, "In Defense of Cats!" describes, praises and defends cats in a way that's enjoyable to read, and hear, over and over again.

The cat book features Sir William, a winsome salon cat and admirable protagonist, who has the cheek to stand up for himself and his compatriots against those who would defame his kind. With each vignette that he recounts, Sir William further whisks readers and listeners on an insider's journey into the minds and lives of cats, and then completes his crusade with a sublime appeal to the heart.

The cat book's aim is to defend cats and cat behavior with humor by sharing the habits and experiences of domestic cats while also showing concern for wild cats and regard for all people, too. The author Janette Noelle Dean also wrote the poem as a witty allegory for human prejudgments. To reveal the importance of dignity, love, and understanding, she found a most appropriate figure in the very individualistic and controversial, yet highly companionable and beloved cat. The fully illustrated version will be available by June 2016; however, this current version is very enjoyable in itself as a rhyming poem and so is the special medal that readers receive at the end of the poem.
