## **For courses in Introductory French.**

Building on the success of earlier editions and anchored in the most current innovations in language instruction, the Fourth Edition of **Chez nous** offers a richly nuanced focus on the Francophone world through a highly integrative and process-oriented approach to the development of language skills that emphasizes the “Five C’s” and is consistent with the National Standards.

The Fourth Edition **Chez nous** is a complete elementary French program designed for use at colleges and universities, over two or three terms or semesters. Using a careful progression from skill-developing to skill-using activities and a sophisticated treatment of Francophone culture, the text and its full complement of supplementary materials help students develop listening, reading, speaking, and writing skills as well as insights into other cultures by exposing them to authentic, contemporary French and encouraging them to express themselves on a variety of topics.

## **NEW TO THIS EDITION:**

**New design and art** increase the user-friendliness of **Chez nous, 4/e**. More abundant photos offer a richer depiction of the francophone world and combine with updated line art to enhance the contemporary focus and visual appeal of the book.
