Regardless of the time of day, the day of the week, or the date on the calendar, there is always something going on at all of the Disney theme parks around the world. *One Day at Disney* takes readers on a global armchair journey from Disneyland in Anaheim, California, to Tokyo Disneyland in Japan. The clock starts at the stroke of midnight at California's Disneyland where all the magic began in July 1955. Hour by hour, the parks and their guests are featured in brand-new, never-before-published photos taken especially for this book within a 24-hour period on a March day.
