The Routledge Guide to the European Union

Dick Leonard, Robert Taylor

The Routledge Guide to the European Union Dick Leonard, Robert Taylor

Written by experts, this long-established and definitive guide to the workings of the European Union provides comprehensive, straightforward and readable coverage of this sometimes misunderstood and complex institution. It explains not only what happens but also why, and analyses the EU's strengths and weaknesses, as well as opportunities for it to be more effective. With the EU's very existence under pressure due to fiscal crises and the eurozone, migration and borders, and Euroscepticism, it specifically outlines:

- How it works: the institutions, the mechanisms
- Every area of EU competence from agriculture to workers' rights
- The effects of the single market and the single currency and the successes and stresses of the eurozone
- The impact of the enlargement of the EU and the prospects for further enlargement and for closer political integration
- The EU under strain - the 2008 recession and after
- 'Britain in or out'
- Fully updated and revised material with new data, statistics, examples and non-partisan coverage

The Routledge Guide to the European Union is well-established as the clearest and most comprehensive guide to how the EU operates. This new edition brings you up to date at a crucial stage in its history at a time when, arguably, it has never been under greater threat, but conversely is perhaps more important than ever.

From reader reviews:

Anh Huckaby:

Information is provisions for those to get better life, information these days can get by anyone with everywhere. The information can be a expertise or any news even an issue. What people must be consider while those information which is in the former life are difficult to be find than now's taking seriously which one is appropriate to believe or which one the resource are convinced. If you obtain the unstable resource then you get it as your main information you will have huge disadvantage for you. All of those possibilities will not happen inside you if you take The Routledge Guide to the European Union as the daily resource information.

Stephen Hill:

Playing with family within a park, coming to see the water world or hanging out with pals is thing that usually you will have done when you have spare time, in that case why you don't try matter that really opposite from that. Just one activity that make you not sensation tired but still relaxing, trilling like on roller coaster you already been ride on and with addition details. Even you love The Routledge Guide to the European Union, you are able to enjoy both. It is good combination right, you still would like to miss it? What kind of hang type is it? Oh occur its mind hangout men. What? Still don't understand it, oh come on its called reading friends.

David Giles:

In this age globalization it is important to someone to obtain information. The information will make professionals understand the condition of the world. The health of the world makes the information easier to share. You can find a lot of references to get information example: internet, newspaper, book, and soon. You can observe that now, a lot of publisher that print many kinds of book. Often the book that recommended to you personally is The Routledge Guide to the European Union this publication consist a lot of the information from the condition of this world now. This book was represented how can the world has grown up. The vocabulary styles that writer use to explain it is easy to understand. The writer made some analysis when he makes this book. Honestly, that is why this book suited all of you.

Judy Williams:

Is it anyone who having spare time subsequently spend it whole day by watching television programs or just lying on the bed? Do you need something totally new? This The Routledge Guide to the European Union can be the response, oh how comes? It's a book you know. You are therefore out of date, spending your spare time by reading in this fresh era is common not a geek activity. So what these textbooks have than the others?
