The European Union and the Cyprus Conflict: Modern Conflict, Postmodern Union

The European Union and the Cyprus Conflict: Modern Conflict, Postmodern Union

This book is a multi-faceted exploration of the Cyprus conflict in Europe, which investigates the international settling of the conflict, its modernist features, particularly European influences over identity, and postmodernization as a possible solution. The contributors to this book not only pursue fresh theoretical perspectives in an area that has so far been largely under-theorized, but also critically examine current European policies in search of alternatives.
