I Don't Want To Love You, But I Do Tanya Robinson

What would you do for another chance at love? Would you give up the family business, let him go, or would you try to lead a double life?

Taj and Sasha Brock and Monica James, MJ, are the granddaughters of Margaret Wellingford, who ran the biggest brothel in Chicago.

The trios' grandmother wanted nothing more than to have one of her heirs take over the family business. Taj and Sasha jumped in with both feet and had every intention of cementing their footprints in the industry. The duo upgraded the standard operating procedures Gram had taught them and set up shop on the west coast. MJ had no interest in the family business; she was more interested in how technology made her tick than catering to tricks. Who knew that she would be the one that introduced them to their new moneymaker?

A head-on collision with DEA Agent Noble and Sasha's car lands her in the hospital. Agent Noble crashes into her life and her heart literally. Was it just an unfortunate accident, or was it fate? Did Agent Noble have an ulterior motive for crashing into her car, or did he know that Sasha and her sister, Taj, were the biggest whore wranglers on the west coast? Agent Noble and Sasha are on opposite sides of the law. Which side will he be on when he finds out?
