2,000 years from now, an alien King controls Earth. His young human Queen, Celeste, is beautiful and powerless. She hasn't yet discovered a gift that lives inside her. Deep in the Andromeda Galaxy, a telepathic master assassin, Sebastian Raynes, has one final mission - kill the King of Earth, then kill himself. But when the queen sees the assassin murder her husband and then asks him for help to leave her Kingdom - both their plans for the future change. The queen and the assassin find a love that could shape the course of the universe. But constant reminders of the ghosts of his past and threats to her life now are endangering their future. In the former United States of America, a group of humans is out to regain Earth's political independence by any means necessary. Their actions gain attention, but also set into motion, consequences that affect far more beings than just humans.
