The H-Bomb and You: or what to do if the bomb drops Marian Blake

This book contains the booklet written buy the The State of Maryland to advice people what to do in event of an H-Bomb attack and about joining the Civil Defense.

The booklet was produced in a far more naive time and the ideas in it would probably be useless. It is an interesting read both for those who are young - it is your history and for those who remember those times as it is part of your life!

I have cleaned up the images so they are easier to see.
