Avian Flu is one of the high profile killer viruses that has obsessed the media and terrorized the world. Though this particular flu virus has gained even more attention and spread more dread than most other deadly viruses and pandemics, the fear and hysteria are out of proportion to the actual threat level at this point. Avian Flu offers both calm and rational reassurance concerning the nature and extent of the threat and practical, real-world advice on how to protect against the virus and what steps to take should the disease hit our shores.
