ISO/TC 147/SC 2

**ISO 18857-1:2005, Water quality - Determination of selected alkylphenols - Part 1: Method for non-filtered samples using liquid-liquid extraction and gas chromatography with mass selective detection**  
ISO/TC 147/SC 2

ISO 18857-1:2005 specifies a method for the determination of 4-nonylphenol (mixture of isomers) and 4-(1,1,3,3-tetramethylbutyl)phenol in non-filtered samples of drinking water, ground water and surface water. The method is applicable in a concentration range from 0,005 micrograms per litre to 0,2 micrograms per litre for 4-(1,1,3,3-tetramethylbutyl)phenol and from 0,02 micrograms per litre to 0,2 micrograms per litre for 4-nonylphenol (mixture of isomers). Depending on the matrix, the method is also applicable to waste water containing the analyzed compounds in the concentration range from 0,1 micrograms per litre to 50 micrograms per litre. Higher concentrations can be measured after appropriate dilution of the sample.

### **From reader reviews:**

#### **Carlos Garcia:**

This ISO 18857-1:2005, Water quality - Determination of selected alkylphenols - Part 1: Method for non-filtered samples using liquid-liquid extraction and gas chromatography with mass selective detection are usually reliable for you who want to be considered a successful person, why. The reason why of this ISO 18857-1:2005, Water quality - Determination of selected alkylphenols - Part 1: Method for non-filtered samples using liquid-liquid extraction and gas chromatography with mass selective detection can be one of several great books you must have is actually giving you more than just simple looking at food but feed an individual with information that perhaps will shock your preceding knowledge. This book is actually handy, you can bring it just about everywhere and whenever your conditions both in e-book and printed ones. Beside that this ISO 18857-1:2005, Water quality - Determination of selected alkylphenols - Part 1: Method for non-filtered samples using liquid-liquid extraction and gas chromatography with mass selective detection giving you an enormous of experience including rich vocabulary, giving you trial run of critical thinking that could it useful in your day exercise. So , let's have it and revel in reading.

#### **Freddie Hoops:**

This book untitled ISO 18857-1:2005, Water quality - Determination of selected alkylphenols - Part 1: Method for non-filtered samples using liquid-liquid extraction and gas chromatography with mass selective detection to be one of several books that will best seller in this year, this is because when you read this e-book you can get a lot of benefit on it. You will easily to buy this kind of book in the book retail outlet or you can order it via online. The publisher in this book sells the e-book too. It makes you easier to read this book, as you can read this book in your Touch screen phone. So there is no reason for you to past this book from your list.

#### **Beverly Hill:**

Precisely why? Because this ISO 18857-1:2005, Water quality - Determination of selected alkylphenols - Part 1: Method for non-filtered samples using liquid-liquid extraction and gas chromatography with mass selective detection is an unordinary book that the inside of the book waiting for you to snap it but latter it will surprise you with the secret that inside. Reading this book adjacent to it was fantastic author who have write the book in such awesome way makes the content interior easier to understand, entertaining means but still convey the meaning thoroughly. So , it is good for you for not hesitating having this ever again or you going to regret it. This book will give you a lot of rewards than the other book have got such as help improving your ability and your critical thinking way. So , still want to hesitate having that book? If I were being you I will go to the guide store hurriedly.

**Christina Almonte:**

A lot of reserve has printed but it is unique. You can get it by internet on social media. You can choose the most beneficial book for you, science, comedian, novel, or whatever by means of searching from it. It is known as of book ISO 18857-1:2005, Water quality - Determination of selected alkylphenols - Part 1: Method for non-filtered samples using liquid-liquid extraction and gas chromatography with mass selective detection. Contain your knowledge by it. Without making the printed book, it could possibly add your knowledge and make you happier to read. It is most important that, you must aware about guide. It can bring you from one spot to other place.
