Damn! (A Book of Calumny) Henry Louis Mencken

If George Washington were alive today, what a shining mark he would be for the whole camorra of uplifters, forward-lookers and professional patriots! He was the Rockefeller of his time, the richest man in the United States, a promoter of stock companies, a land-grabber, an exploiter of mines and timber. He was a bitter opponent of foreign alliances, and denounced their evils in harsh, specific terms. He had a liking for all forthright and pugnacious men, and a contempt for lawyers, schoolmasters and all other such obscurantists. He was not pious. He drank whisky whenever he felt chilly, and kept a jug of it handy. He knew far more profanity than Scripture, and used and enjoyed it more. He had no belief in the infallible wisdom of the common people, but regarded them as inflammatory dolts, and tried to save the republic from them. He advocated no sure cure for all the sorrows of the world, and doubted that such a panacea existed. He took no interest in the private morals of his neighbors.
