The Tell-tale Heart: The Life and Works of Edgar Allen Poe Julian Symons

This biography strips away the myths that have grown up around the life of Edgar Allen Poe, and provides a completely fresh assessment of both the man and his work. Symons reveals Poe as his contemporaries saw him - a man struggling to make a living out of hack journalism and striving to find a backer for his new magazine, and a man whose life was beset by so many tragedies that he was often driven to excessive drinking and a string of unhealthy relationships. Fittingly written by another master in the art of crime writing, The Tell-Tale Heart brilliantly portrays the original creator of the detective story and reveals him as the genius - and unashamed plagiarist - that he was.
